Kacper Krasowski

Turin, Italy | kacperkrasowski2000@gmail.com | +48 530 732 802 | kacperkrasowski.github.io
EU citizen, authorized to work in Italy and Spain

Third-year PhD student in Economics building theoretical models of digital platforms, generative AI, and social networks. Experienced in close reading of research as a replicator for the Econometric Society and as a teaching assistant in contract theory and optimization.

Education

Collegio Carlo Alberto & Universitat Autònoma de Barcelona — Sep 2024 – Present
PhD in Economics — *Turin, Italy / Barcelona, Spain*

Universitat Autònoma de Barcelona — Oct 2022 – Jul 2024
MRes in Economics, Erasmus Mundus Joint Master Degree — *Barcelona, Spain*

Warsaw School of Economics — Oct 2019 – Jul 2022
B.A. in Economics, Quantitative Methods in Economics and Information Systems — *Warsaw, Poland*

Research

GenAI and the Internet (2026)
Equilibrium model of users choosing between AI and the web and of content creators' entry decisions; shows that GenAI's effect on content supply and consumed quality is non-monotonic in AI capability.

Impact of Censorship in Social Media (2024)
Friedkin–Johnsen opinion-dynamics model of a threshold censorship policy; characterizes its effects on polarization, disagreement, and internal conflict, and how optimal censorship depends on homophily.

Social Media and Labor Market Outcomes: The Effect of Facebook on College Graduates' Earnings (2025), with Luca Marcianò
Difference-in-differences evidence from Facebook's staggered college rollout on graduates' earnings.

Research & Professional Experience

The Econometric Society — Mar 2026 – Present
Replicator

- Independently verify the reproducibility of submitted research by testing authors' data, code, and documentation against the reported results.

Review of Economic Studies — Sep 2025 – Present
Social Media Manager

- Manage the journal's social media accounts and digital communications; build and maintain the REStud Tour websites.

Shopee Pte. Ltd. — Mar 2022 – Sep 2022
Data Analyst

- Built web scrapers in Python and analyzed the collected data in Excel.

Teaching

Teaching Assistant: Contracts, Information and Incentives in Organizations (UAB, 2026); Optimization (UAB, 2026); Econometrics I (University of Turin, 2025)
Instructor: Statistics; Computational Statistics (Barcelona School of Economics, 2026)

Presentations & Awards

Presentation: BSE PhD Jamboree, Barcelona (2026)
Awards: UAB IDEA PhD Track Fellowship, Barcelona School of Economics (2023); Social Innovation Award, Social Hackathon (2024)

Skills

Programming: Python, R, Stata, MATLAB, SQL, C, Bash, LaTeX
Languages: Polish (native), English (proficient), Spanish (intermediate), Italian (intermediate)
